

## Working Student Sustainability (all gender)

### Sustainability at Intersnack

At Intersnack, everything we do revolves around one thing: great taste.

At the same time, we want to offer products that can support a healthier lifestyle and do not compromise on the environment, our colleagues and the many people in our supply chains.

Sustainability spans across many topics and departments. Our activities are structured in 4 core Pillars: Consumer, Environment, Social, Employee. In a nutshell, it's all about reconciling people, planet and profit: minimising our negative impacts and maximising positive impacts on people and planet.

For the latest achievements, KPIs and spotlight stories, have a look into [our 2020 Sustainability Report](#).

### Purpose of the position

As the company grows, we offer this exciting entry-level opportunity as a 'Working Student Sustainability Management (all gender)' at the Dusseldorf office. As a full-fledged team member, you will have the opportunity to put your existing expertise to practical use and thus significantly contribute to the company's success. Based at Intersnack Group, you will support/closely work with the colleagues in the country units that span across Europe (and Asia and Australia-Pacific).

In addition to starting as a working student, we will also be happy to support you during your master's thesis.

### Main Responsibilities

- Supporting the advancement of our climate strategy (CO2 balance, science based targets)
- Assisting our post-2025 sustainability strategy development (market research, benchmarking)
- Researching on European legislative landscape (e.g. EU Green Deal, market/ sector initiatives)
- Supporting daily work on environmental topics (e.g. CO2, waste, packaging, food)
- Participating in the preparation of the next ESG report
- Supporting coordination with our internal sustainability network
- Assisting in policy writing and communication

### Requirements for the position

- Currently enrolled student in a Bachelor's / Master's degree programme in e.g. Sustainability Management/Science, Renewable Energy, Integrated Climate System Sciences, International Business and Sustainability or other comparable field of study
- Practical or international experience, e.g. by former internships or semester abroad, is beneficial
- Basic knowledge of CO2 accounting, life cycle assessment, Renewable energy
- Interest/knowledge of European legislative landscape (EU Green Deal, Farm to Fork, Fit for 55 etc)
- Fluent English is mandatory, German or other language is a plus
- Firm knowledge of MS Office applications, especially Excel and PowerPoint
- Self-motivated, creative and open-minded team-player with high level of independence
- Strong communication and analytical skills

### About us

Intersnack has become one of Europe's leading savoury snacks producers by 'creating happy snacking moments' in people's lives. Being privately owned, we operate with a long-term view and commit ourselves to a more sustainable world. Successful and sustainably growing, our turnover in 2021 was more than €3bn. We are now present in more than 30 countries across Europe and beyond. We have 12 regional Management Units, 44 production sites and a total workforce of approximately 14,000 people.

The brand portfolio includes strong brands like funny-frisch, Chio, POM-BÄR, Tyrrell's, McCoy's, MAARUD, Estrella, Vico, ültje and Kelly's.
